

THE CHINOOK ADVANCE

Vol. 22

Chinook, Alberta, Thursday, Oct 22nd 1942

Mr. Ilsley's Speech Made In Tozonto

"We must also look to the farmers of Canada for substantial help in our Victory loan. I wonder if most of us realize how much the hard working farmer of this country and their families have been doing in this war. First, they have supplied men—fine, able-bodied men—for the armed forces and for war industries. I am told that from 1914-1918, able-bodied farm manpower supply of about one and a quarter million, no less than a quarter of a million have gone into service or the factories. The others have worked harder and longer—with the help of older men, women and children, and have accomplished wonders in production. They have more than doubled our production, increased beef production by 20 per cent, and cheese production by 60 per cent. They have learned to grow relatively new crops like flax and soy beans to meet special shortages created by the war. They have grown far more feed grains to make possible

the greater livestock production so urgently needed by Britain and our-selves. Although economizing in the acreage devoted to wheat, they have, by the aid of good weather this year, grown the greatest wheat crop in our history—and they are harvesting it in the face of an acute labour shortage. Canadian Farmers alone are now able to supply Britain with all the wheat she needs, and with an amount of bacon and ham nearly equal to the total she obtained from all countries before the war. Many of us, in speaking of our wartime accomplishments, take a natural pride in the speed with which we have built up an army, a navy and a huge air force, and in the magnitude and excellence of our production of munitions and war equipment. These are more spectacular—more warlike—but they are no more surprising than the quiet but prodigious achievements of Canadian agriculture.

Heroes Of Dieppe

WITH DEEP FEELINGS of pride and satisfaction the people of Canada recently received word of the hundred and seventy-eight awards bestowed by His Majesty King George VI. on officers and men of the Canadian army who took part in the raid on Dieppe. Before the raid had been over for many hours, stories of great gallantry and courage were made known, and it is gratifying to the people of Canada that these deeds were recognized in the large number of honors which were given out. Many officers and men of Western Canada regiments were decorated, and the Queen's Own Camerons of Winnipeg led in the list of honours. This was the only Manitoba regiment taking part in the battle.

Victoria Cross Is Awarded

To Lt.-Col. Charles Cecil Merritt, officer commanding the South Saskatchewan Regiment, went the only Victoria Cross to be awarded, and the first one to be presented to a Canadian in the present war. The story of Lt.-Col. Merritt's heroism at Dieppe is now familiar to most of us here, and it is one that will form a brilliant chapter in the story of Canada's part in this war. That Lt.-Col. Merritt is a prisoner of war and is believed to have been wounded is deeply regretted by the people of Canada. Members of the South Saskatchewan Regiment received twenty-one awards in all. Ten of the officers and men went medals, while eleven were mentioned in dispatches. Twenty-four awards were made to the Queen's Own Camerons of Winnipeg, while the Calgary Tanks, and the Calgary Highlanders each received two.

Men From Farms At War

In recent weeks farmers in Canada, and particularly in the Prairie Provinces, have experienced difficulty in securing help to harvest the beautiful crop which was produced this year. In many districts this labor shortage caused serious hardship and concern, and it is a problem which reached into almost every farming community in the land. For many, however, there must have been compensation in knowing that the young men who would normally be providing the labour for this harvest are fighting in the skies and on the seas to keep our country free, and that many of them, some wounded, some prisoners of war, and some killed in action, were among those heroes of Dieppe who were honored by the Empire in the awards bestowed upon them.

The Individual Citizen's Army

A Weekly Column About This And That In Our Canadian Army.
By Alan Maurice Irwin

Why do you read this column? Because you are interested in the Army. And the reason you are interested in the Army is because your son or your brother or your father or your sister or your mother is in the Army.

You can't find out enough to satisfy you. You want to know what he is doing, what his environment is, what his companions are like or to know whether she is amongst congenial people, what her job is or is likely to be.

In other words, you and your particular contact with Army life may not realize it, you want to know every little thing that goes on. The sort of thing that is so close to the letter-writer that he or she does not think of it as being interesting. Right?

Since we understand each other on this point let's have a look at the other side.

What about the soldier—male or female—who awaits your letters from home?

What sort of letters do you write? Do you tell every little thing that goes on, do you realize that no sol-

dier, man or woman, is so far from home that home isn't the most absorbing thing to read about when the Mail Corporal comes around with the letters? Or parcels?

Not long ago some of our statesmen made plans for letters to soldiers that would buck up their morale. They wanted us to write brightly and cheerily so that the boys and girls would feel better about things.

Stuff, nonsense and poppycock! If our statesmen would think less about public morale—about which they apparently know nothing—and pay more attention to the beams in their own eyes we might get on with the war.

The troops don't need artificial cheerfulness—the kind of boys and girls in need of artificial cheerfulness haven't yet volunteered for active service—what they want is news of their real life, the life they have put behind them until they finish the job of making a continuance of that life possible.

Tell them what's happening around the barn, down by the post office, who is "going with" who—or should it be whom?—how many kittens Tabby had last time, how Aunt Martha looked when she slipped on the cellar stairs and broke her ankle. Write a chapter about the new teacher who slapped the face of the fresh kid whose father is chairman of the school board.

In other words, keep them in the family circle.

And when you are doing that—and be sure to do it often, but not because you fear a loss of morale—give a thought to the Canadian Postal Corps. There is an unpublicized unit of specialists who get nothing but criticism from their fellow soldiers because mail is one of the things we take for granted when we get it—and curse the postman for when it is late!

It is a mammoth task, this handling of letters and parcels to hundreds of thousands of addressees who have literally "no known address." When you put your letter in the mail box its destination, unknown to you of course, may be the West Indies, Newfoundland, Nova Scotia, Egypt, Gibraltar, England, Scotland or Brookville. It may change from one of those destinations to another while the letter is en route.

But that letter is delivered, and in less time than the civilian post office which works very closely with the C.P.C. could handle an ordinary piece of mail.

As an example imagine you have decided to take a trip to Vancouver. Half way there you decided to run south and spend a couple of days in Chicago. Your appetite whetted by the Windy City, you change your mind again and head for Los Angeles—where you find your mail waiting for you!

Sounds like magic, doesn't it? Well it would be magic if it could be done in civilian life, but in the Army it's different. There you have an organization that has to keep its component departments advised of everything that goes on so that supply and transport will be arranged.

Movements planned in advance, are known to all concerned and the "magic" becomes just good business practice that results in the delivery of a letter originally destined for Sergeant Brown in Scotland to Officer Cadet Brown in Brookville, Ontario, the minute he arrives there.

This is just one of the ways in

which the Individual Citizens Army looks after the sons and daughters of that larger Individual Citizens Army that pays the bills.

Let us, then, instead of being just content to pay the bills, see to it that the public servants we hire to do the work of running our government leave no stone unturned to back up the armed forces.

We tell these hired men of ours to do an all-out job. We criticize them for not doing it to our satisfaction. We must do more than that—we must give them the leadership we hired them to give us.

So far we have been rationed in a few insignificant commodities—all of which we could do without. Most of my correspondents tell me they would welcome the rationing of many other commodities.

Don't tell me. Tell the man you hired last election!

Food In Britain

People Have Enough But Many Things Are Not Obtainable

E. M. H. Lloyd, economic advisor to the British Ministry of Food, told the American Hotel Association convened at Detroit that the biggest steak now served in British hotels is only the size of a dollar bill. He said there are no bananas, grapefruit or lemons, no fresh eggs or fresh milk, no white bread, sausages with only 30 per cent. meat, and little or no salad dressing, but added Britain's food situation "is better than anyone had reason to expect."

SUPPLIES GOING IN

One of the interesting speculations of the war is how Gen. Draja Mihailovich's forces in Yugoslavia are being supplied with arms and ammunition. A despatch to the New York Times from Ankara speaks of them being "recently reinforced by nearly a hundred tons of light arms and munitions—including automatic rifles, machine-guns and tommy guns."

SPECIAL NAZI COURT

A new special court has made its appearance in Bohemia to try persons charged with contempt of the German nation. A refusal to dance with a German soldier is considered an act of contempt and is punishable by a term of several weeks in prison.

HARD ON THE NATIVES

At least one United States soldier on a foreign front is doing all right financially. Relatives in Lexington, Ky., received a letter from Sgt. Harold Monaghan in which he said: "I have been teaching the natives to play poker. Enclosed you will find money orders for \$200." 2486

ALL-BRAN'S "BETTER WAY" HAS BEEN OUR WAY FOR A LONG TIME

Says Mr. Charles Belair, Arvida, Quebec: "KELLOGG'S ALL-BRAN has long been a favorite in our home. Mother used to serve it to us when we were young... and since my wife started making ALL-BRAN muffins three or four times a week and serving ALL-BRAN as a breakfast cereal, we have had no more use for pills or powders. ALL-BRAN keeps us regular... naturally." Why don't you try ALL-BRAN'S?

"Better Way" to correct the cause if you are troubled by constipation due to lack of the right kind of "bulk" in your diet? But remember, ALL-BRAN doesn't work like harsh cathartics. It takes time. Eat it regularly and drink plenty of water. Get ALL-BRAN at your grocer's in two convenient size packages, or ask for the individual serving package at restaurants. Made by Kellogg's in London, Canada.

GEMS OF THOUGHT

BLESSINGS

To an honest mind, the best prerequisites of a place are the advantages it gives for doing good.—Addison.

If we find the job where we can be of use, we are hitched to the star of the world and move with it.—Richard Cabot.

Beautiful is the activity which works for good, and beautiful the stillness which waits for good; blessed the self-sacrifice of one, and blessed the self-forgetfulness of the other.—Collyer.

What has not unselfed love achieved for the race? All that ever was accomplished, and more than history has yet recorded.—Mary Baker Eddy.

Times of general calamity and confusion have ever been productive of the greatest minds. The purest ore is produced from the hottest furnace, and the brightest thunderbolt from the darkest storm.—Colton.

Blessings are upon the head of the just.—Proverbs 10:6.

CARE OF THE TEAKETTLE

Caution teakettle attention is sometimes lacking in the kitchen. For instance, water should never be allowed to stand in a teakettle when it is not in use. If water is left inside, lime deposits form and heating time is increased. Any lime deposits formed this way may be loosened by heating in a vinegar solution and removed by scrubbing with a fine scouring powder. From time to time the inside of the kettle should be given a good clean-up.

Think Themselves Lucky

North Carolina Paper Glad Canada Is Ally Of United States

The Charlotte, N.C., Observer says: Canadian soldiers had the biggest part in the super Commando raid on Dieppe, bearing the brunt of the fight. They are a vital people, direct actionists. They have not become bogged down in theory and discussions or too much organization with too little done. Their sparkplugs are still working.

It is lucky that we have Canada for an ally. Canadians stand on two good feet and fight with two good arms, feed themselves, arm themselves and generally play the part of men who expect to pay their own way as they go through life.

These shadows also warn of an urgent need for the tools of war—without which there will be no offensive—no Victory!

One of the greatest and most powerful tools of war is money. Behind every soldier, airman and sailor—behind every tank, plane and ship, there must be the power to purchase so that war material of every description can be made available to our fighting men and women. It's our job to make it an early Victory by buying the new Victory Bonds!

Farmers and the Victory Loan
War loan canvassers will be hard at work again on October 10. The minimum objective for Canada's third victory loan is 750 million dollars. The finance minister, whose difficult task is to find the money to pay the country's war bills, states that the loan must be well oversubscribed.

Many plans are being laid to insure success of the loan. One of these is of particular interest to farmers. It is the "victory ticket method." The victory ticket is simply an order authorizing the buyers of any farm product, which has a ready cash market, to withhold a part of the proceeds from produce delivered immediately or in the future to pay for a war bond or regular war savings certificate purchases. When remitted to provincial headquarters of the National War Finance Committee, the securities equivalent in value to the proceeds received will be sent to the farmer.

Elevator companies, packing companies, produce dealers, livestock commission firms, creamery operators, best merchants, etc., will all be made thoroughly familiar with the plan and will be supplied with the necessary forms.

Thousands of farmers have been doing a superb job in producing those food commodities urgently needed for war. These same farmers want to do more. They are anxious to support the victory loan. It has, however, been impossible for many to buy war bonds or savings certificates for the reason, that at the time of the campaign, they just have not had the ready cash. This new plan will be welcomed by farmers. They will see in it an opportunity to assist just that much more in winning the war. Contributed by T. R. Plummer.

WE'RE GOING TO NEED SO MANY THINGS WHEN THE WAR ENDS ...things that are hard to get now

Every day, almost, we find that something else is getting scarce. So often, we are told "they're not making it any more". Factories are making guns instead of ploughs, tanks instead of tractors, planes and shells instead of stoves and beds. We'll have to replace so many things when the war ends... things we can't buy now.

MONEY INVESTED IN VICTORY BONDS

will provide the cash to buy them

TWO WAYS TO BUY VICTORY BONDS NOW

— with Cash

... in one lump sum, with money we have saved. There is no safer investment... no better way to protect our savings.

Or—we can buy bonds and pay for them through our banks in monthly instalments. As the instalments come due the bank will charge them to our accounts.

— with Produce

Farm folk can pay for Victory Bonds in another, convenient way—by using the "PRODUCE FOR VICTORY" TICKET. By simply signing a "Victory Ticket" you can authorize those who buy produce from you to send all or part of the proceeds to the War Finance Committee to buy Victory Bonds for you. (Ask your local War Finance worker for details.)

WHAT A VICTORY BOND IS

Look at a dollar bill. A dollar bill is like a bond. It's a promise to pay to the man who has it. You get bills when you sell things and pay them out when you buy things. A Victory Bond is "a bill" intended to be saved. When you keep a \$100.00 Victory Bond for a year you receive an additional \$3.00. (3% interest). Buy all the Victory Bonds you can—and money to Canada to help to win the war. Save your money to have money for things you'll need when the war ends.

WEDDING

MITCHELL—WHELAN

A quiet wedding was solemnized on Sunday, October 11, 1942, at the home of the bride's parent, when Rev. Mr. French united in marriage Dorita Owen Whelan, only daughter of Mr. and Mrs. Ralph Whelan, of Chinook, Alberta, and Ben C. Mitchell, son of Mrs. Sadie Mitchell of Drumheller.

Those present were Mrs. Royal Peterson, sister of the groom, and Mrs. Jack Rosenau.

Rev. Mr. French of Youngstown, received the sad news last week that his brother who was an officer, went down with the S. S. Cribou which was torpedoed.

Mrs. F. Otto and Mrs. Jas. Duck of Calgary, are visiting with friends and relatives in Chinook.

Miss Kathleen Proudfoot was a Calgary visitor last week end returning Tuesday.

Miss Edler spent Thanksgiving vacation at Calgary.

Donna Jean Gallagher entertained twelve playmates at a birthday party on Monday, Oct. 19th. After playing a few games the group was served with ice cream and birthday cake. The party finished with a peanut scramble. They all returned home reporting a very good time.

Next week will be Halloween the season when ghosts and witches are abroad, the evening which is looked forward to by children and we have no wish to curtail their enjoyment or innocent, but the destruction of property and overthrowing of outhouses by teenage boys (and some older) that we object to. With so much destruction in the world today we would at least cause no unnecessary destruction in our own town. We trust this will be taken as a timely warning the observing of which may save unnecessary trouble and expense for those concerned.
